

Show Them We Care

MENTORING

A mentor is part of a team of caring adults who helps to bring youth one step closer to realizing that someone does care. Mentors will echo the positive values and cultural heritage that parents and guardians would teach. Our mentoring program will give youth the opportunity to develop a relationship with one or more adults. The mentors will provide help to youth in many aspects of our offered programs, through participation in many activities, and by encouraging positive choices.

MAKES A DIFFERENCE!**

Afterschool & Summer Reading Program

This program is developed to assist youth with homework afterschool; during the summer months the Summer Reading Program helps enhance their reading skills. Reading materials used are compatible with materials used in public schools.

Y.E.T.S.R. Youth Enrichment Through Swimming and Rowing

The Y.E.T.S.R. program is developed to help inspire elementary, middle and high school students who are academically challenged, conquer the concept of team work, focus, and self confidence. To be successful in both rowing and swimming, one must have great mental focus and work ethic. Students in the Y.E.T.S.R. program will develop these essential tools to help apply them in the classroom.

Chess Fundamentals

Chess fundamentals are developed to enhance intellectual, social & emotional benefits for inner city youth. STWC utilizes the game of Chess to help our youth understand how to strategize a challenge their mind. Playing Chess will help youth excel in school through concentration, critical thinking, and problem solving.
